

QUESTION BANK

1. Draw the projections of a regular pentagon of 25 mm side having one of its sides in H.P and inclined at 60^0 to V.P. and its surface making an angle of 45^0 with H.P.
2. Draw the projections of a regular hexagon of 25 mm side having one of its sides in H.P and inclined at 60^0 to V.P. and its surface making an angle of 45^0 with H.P.
3. A hexagonal prism, side of base 25 mm and axis 50 mm long, rests with one of the edges of its base on H.P and its axis is inclined at 30^0 to H.P and parallel to V.P. Draw its projections
4. A hexagonal pyramid, side of base 25 mm and axis 50 mm long, rests with one of the edges of its base on H.P and its axis is inclined at 30^0 to H.P and parallel to V.P. Draw its projections.
5. A pentagonal pyramid, side of base 35mm and axis 60 mm long, rests with its base on H.P, such that one of the edges of the base is perpendicular to V.P. A section plane perpendicular to H.P and parallel to V.P cuts the pyramid at a distance of 20 mm from the corner of the base nearer to the observer. Draw its top and sectional front views.
6. A hexagonal prism side of base 30mm and axis 60 mm long, rests with its base on H.P such that one of its rectangular faces is parallel to V.P. A section plane perpendicular to H.P and parallel to V.P cuts the prism at a distance of 10mm from its axis. Draw its top and sectional front views.
7. A cylinder of diameter of base 40 mm and axis 55 mm long, is resting on its base on H.P. It is cut by a section plane, perpendicular to V.P and inclined at 45 degrees to H.P . The section plane is passing through the top end of an extreme generator of the cylinder. Draw the development of the lateral surface of the cut cylinder.
8. A pentagonal pyramid of side 30 mm and axis height 70 mm is resting on H.P being one side of the base parallel to the V.P. Draw the development of the lateral surface of the solid.
9. Draw the front and top view of the object shown in figure. All dimensions are in mm

10. Draw the front and top view of the object shown in figure. All dimensions are in mm.
